Wet wipes jar

mochi

Strider Stand, Both Boys and Girls Can Easily Use

This fun shaped sealable container resembles Mochi the Japanese glutinous rice ball.

The shape of the jar securely holds a packet of wet wipes or a variety of things from cookies to jellybeans and the playful shape brings humour to its environment.

The seal on the lid will keep the wet wipes moist. The revised design of a thicker lid made from natural wood assures a preservation of the taste of the contents.
