Paper Towel Case

Torel 110 / 140

Minimal beauty with a luxurious stone pattern.

This case dispenses paper towels which are now extremely popular in the home, hotels and café's interior. This our latest "torel" model. The appearance of the case provides a natural stone luxurious finish. The lid goes down as the paper towels are dispensed. The lid provides enough weight to firmly hold the last paper towel. The weight of the lid is designed so the action of dispensing a paper towel needs one hand only. It can also be used for paper kitchen towels.

Paper Towel Case Torel 110 / 140
