## Bamboo Collection 450 teapot

MINIMAL  
STYLE  
DESIGN.

## Modern tea pot suitable for all teas.

The large strainer encourages the tea leaves to “jump” and extract the full umami during steeping.

Easy to wash and can be placed upside down to dry thanks to its flat, even opening.

The lid colors match those of the “usumono” and “shimamori” tableware, so a coordinated table can be com-posed.
